Korea's No.1 Water Exhibition & Conference

WHY WATER KOREA

Korea No.1 Water Exhibition & Conference

WATER KOREA is a water exhibition show representing Korea which started its first show in Korea in 2002. Over 200 enterprises and 20,000 visitors visit this show every year.

Over 20,000 Visitors from public officials and enterprises Over 200 exhibitors from the water industry

A variety of enterprises and institution employees home and abroad visit this exhibition, WATER KOREA. Enterprises account for the biggest portion of participation in WATER KOREA in diverse ways such as holding exhibitions, watching shows, and admission at the seminar. Other associations, organizations, test and R&D institutions participate in Water Korea, directly and indirectly.

60% of visitors from central and local government

WATER KOREA has high participation from government officials who are in charge of water services in Korea. Government officials working at water and wastewater divisions of metropolitan provincial cities and local district offices of wastewater participate in the exhibition and the associated events.

Conducting a rich associated seminars

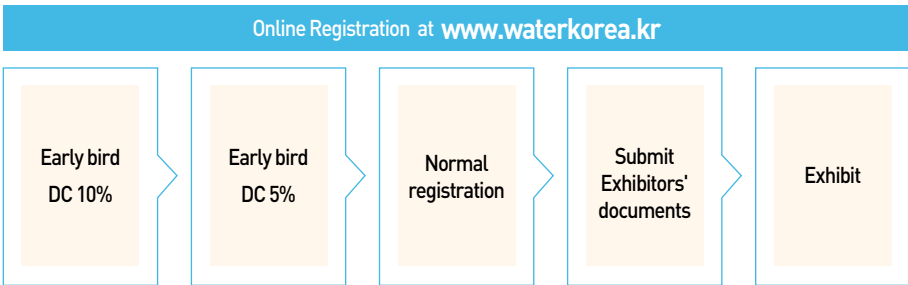

A wide variety of associated events will be held during WATER KOREA. This provides the latest technology and information through conferences and seminars and provides diverse content by holding events led by multiple organizations in parallel.
